

An aerial photograph of a large, winding river or lake in the foreground, surrounded by lush green fields and rolling hills. In the middle ground, a large, multi-story house with a dark roof is situated on a hill. The background shows a dense line of trees and a distant city skyline under a clear sky.

HECK.REALESTATE

A Ranch with Presence & Privacy

Remarkable land, uncommon scale, and access to Kansas City.

HECK

REAL ESTATE

Burr Oak Ranch brings together a substantial residence, indoor pool, venue barn, horse barn, pond, mature hardwood timber, and miles of trails across 255 private acres. The setting offers remarkable seclusion, recreation, and space to gather, all within reach of the Kansas City metro.

For those envisioning an even larger legacy, 152 adjoining acres are also available across Whispering Timbers, Amber Ridge, and Pecan Rise. Together, the properties create the potential for a 407-acre private holding with room for recreation, investment, estate development, or generations to come.

*Land to steward. Space to gather.
A legacy to carry forward.*

Burr Oak Ranch

Burr Oak Ranch

Rooted in the Land. Connected to What's Next.

Bordered to the south by the Kansas River, Burr Oak Ranch unfolds across mature hardwoods, pawpaw trees, wild blackberry thickets, wet-weather springs, and 140 feet of elevation change. More than three miles of trails invite exploration through thoughtfully enhanced deer and turkey habitat, while hard-surface road access keeps this private setting remarkably connected.

Near the I-70/K-10 corridor - and approximately 20 to 40 minutes from key Kansas City metro destinations - the ranch offers convenient access to Lawrence and KU, MCI Airport, the Legends district, Kansas Speedway, the planned Chiefs stadium district, and Panasonic Energy's De Soto facility.

Zoned RR-2.5, with 152 adjoining acres also available, Burr Oak Ranch offers a rare opportunity to expand the vision and shape a lasting private, recreational, or investment legacy.
