Timeless character, inviting outdoor spaces, and room to make it your own! Set on .95 acre m/l with mature shade trees, this 1920 bungalow offers approximately 2,158 finished square feet, three bedrooms, and two full bathrooms. A spacious covered wraparound porch and separate wood deck provide welcoming spaces to relax and enjoy the setting.

Inside, wood floors, wide trim, decorative glass, pocket doors, and an ornate dining-room ceiling showcase the home's distinctive charm. The kitchen and dining area offer a comfortable gathering space, featuring blue-and-white cabinetry, wood countertops, a farmhouse-style sink, a double-oven gas range, and a patterned backsplash. Pocket doors between the living and kitchen/dining areas allow an open feel or separation when desired, while a wood-burning insert adds a cozy focal point to the main-level living room.

The main level includes two bedrooms, a full bathroom, laundry, and an office with French doors. Each main-level bedroom and the office has its own mini-split. Upstairs, vaulted ceilings, a stone-and-brick masonry fireplace, multiple closets, and a small second-story deck add to the appeal. The updated upstairs bathroom features a double vanity and decorative floor and ceiling tiles, and an additional mini-split serves the upper level.

A 24-by-24-foot detached garage, additional covered parking, and a utility lean-to offer space for vehicles, equipment, and storage. With its blend of vintage details, functional updates, and outdoor space, this property presents an opportunity to bring your vision to a home with personality.
