

PRESENTING

THE HARVARD TWO-STORY

5 BED / 3.5 BATH HOME

5117 HARVARD RD | LAWRENCE, KANSAS

The Harvard Two-Story combines timeless design with thoughtful, modern updates in the Fox Chase neighborhood. Built in 1998 and meticulously cared for, this 5-bedroom, 3.5-bath home offers a comfortable layout with refined finishes throughout. The main level features a formal dining room and an everyday dining area connected to a beautifully updated kitchen including quartz countertops, stainless steel appliances, and a clear view into the family room—ideal for both daily living and hosting. A neutral, tasteful paint palette enhances the natural light and creates a welcoming, cohesive feel throughout the home. Upstairs, four bedrooms and two full baths provide convenience and privacy, including a spacious primary suite with generous closet space. The fully finished basement adds functional square footage with a second family room, a fifth bedroom, and additional storage. Outdoor living is well-rounded with a deck and patio overlooking a fenced backyard. Mature trees offer shade and privacy, and the play set remains for the next owners. The setting feels tucked away while still being close to neighborhood parks, walking paths, and west Lawrence amenities. Don't miss out on this well-maintained home offering move-in-ready comfort in a highly sought-after location.
